Notice of Review of Administrative Regulations

As directed by Executive Order 00-03, the Kansas Department on Aging (KDOA) is conducting a comprehensive review of all the agency's regulations. The purpose of the review is to identify all regulations that are outdated, redundant, over-broad, ineffective or otherwise undesirable, and to revoke or modify those so identified. Each regulation will be evaluated according to the following criteria:

1. **Need.** Is the rule necessary to comply with the statutes that authorize it? Is the rule obsolete, duplicative or ambiguous to a degree that warrants repeal or revision? Is the rule broader than necessary to accomplish its purpose or objective?
2. **Clarity.** Is the rule written and organized in a clear and concise manner so it can be readily understood by those to whom it applies?
3. **Cost.** Have the benefits of the rule been considered in relation to costs? Do the benefits of the rule exceed the costs of the rule?
4. **Fairness.** Does the rule result in equitable treatment of those required to comply with it and those affected by the rule in other ways?
5. **Effectiveness.** Has the rule been effective in achieving the purpose for which it was established?

The regulations to be reviewed are K.A.R. 26-1 through K.A.R. 26-9. KDOA invites public participation in this review process. Any interested person may submit written comments regarding KDOA regulations to Darvin Hirsch, Agency Rules Administrator, Kansas Department on Aging, 503 S. Kansas, Topeka, 66603-3404, or by e-mail to darvinh@aging.wpo.state.ks.us. Comments should be submitted not later than the end of business July 14, and each comment should indicate by number the regulation or regulations to which it pertains. Any questions about the review process should be directed to Darvin Hirsch at the address above.

Social and Rehabilitation Services**Notice of Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted at 10 a.m. Friday, August 18, in the basement auditorium of the Docking State Office Building, 915 S.W. Harrison, Topeka, to consider the adoption of amended changes to existing rules and regulations on a permanent basis effective October 1, 2000. Telephone conference will not be available.

This 60-day notice of the public hearing shall constitute a public comment period for the proposed regulations. All interested parties may submit written comments prior to or during the public hearing to Hope Burns, Office of the Secretary of SRS, Room 603-N, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views, but it may be necessary to request each participant to limit any oral presentation to five minutes. The phrase "Federal Mandate" following an item indicates that the change is required by federal policy. Optional changes in regulations related to federal programs are subject to approval by the U.S. Department of Health and Human Services.

Copies of the regulations and the economic impact statement may be obtained by contacting Hope Burns at (785) 296-3969.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Hope Burns or by calling the Kansas Relay Center at 1-800-766-3777.

The adoption of the regulations will take place at 11 a.m. August 28 in the SRS executive conference room, 603-N, Docking State Office Building. Telephone conference will not be available.

A summary of the proposed regulations and the economic impact follows.

Article 4.—PUBLIC ASSISTANCE PROGRAM

30-4-50. Assistance eligibility, general. This regulation is being expanded to include months on assistance in the 60 calendar month lifetime limit for TAF family groups in which specific ineligible adults reside. These adults include ineligible legal aliens, illegal aliens, drug felons, fugitive felons, and individuals ineligible due to a fraud conviction.

Economic Impact: This change is expected to have a net savings of \$152,519 in fiscal year 2004; \$377,882 in FY 2005; and \$607,799 in FY 2006.

Article 5.—PROVIDER PARTICIPATION, SCOPE OF SERVICES, AND REQUIREMENTS FOR THE MEDICAID (MEDICAL ASSISTANCE) PROGRAM

30-5-59. Provider participation requirements. The proposed changes to this regulation would:

- A. Allow, at the discretion of the secretary of SRS, enrollment of providers of durable medical equipment (DME) to consumers who have special needs

even if the providers are not eligible within the current program guidelines. This will allow the procurement of DME in the most cost efficient manner on a case by case basis for individual consumers. This may involve procurement of the DME item directly from a manufacturer or distributor who has neither an in-state storefront or border city storefront.

- B. define "special need";
- C. clarify that provider businesses must be "accessible" in accordance with the appropriate ADA guidelines;
- D. allow pharmacies located in Kansas or a border city that have a medicaid provider number to enroll as a DME provider even if no storefront is present; and
- E. clarify that the exception to the location requirement for pharmacies applies only to a pharmacy that is an approved contractor as a supplier of intravenous blood fraction products and the exception applies only to reimbursement for the intravenous blood fraction products. This change is not required by federal law.

Economic Impact: This proposed change could result in cost savings (combined state general fund and federal financial participation) of up to \$100,000 annually for DME purchases, although an exact cost figure is not possible to determine at this time.

Affected Parties: SRS does not anticipate an economic impact on other governmental agencies, private business or individuals.

Other Methods: No other method was appropriate for the desired outcome.

30-5-64. Prior authorization. K.A.R. 30-5-64 lists by class those pharmaceuticals that require prior authorization for any of the following reasons:

- A. To assure that provision of the service is medically necessary;
- B. to assure that services that may be subject to overuse are monitored for appropriateness in each case; and
- C. to assure that services are delivered in a cost-effective manner.

The proposed change removes 1-carnitine, isotretinoin, iron-combination products, amphetamines and anorexants. In the future, these pharmaceuticals will be edited electronically. This change is not required by federal law.

Economic Impact: The proposed change is considered cost neutral. The utilization of the pharmaceuticals is not expected to change.

Affected Parties: SRS does not anticipate an economic impact on other governmental agencies, private business or individuals.

Other Methods: No other method was appropriate for the desired outcome.

30-5-82a. Reimbursement for rural health clinic services. K.A.R. 30-5-82a provides instructions on reimbursement for rural health clinic (RHC) services. This proposed regulation change modifies the way cost reports are adjusted per an option in the Balanced Budget Act of 1997 as modified by Public Law 106-113. This change will

decrease the reimbursement rates for RHCs from 100 percent to 85 percent over a five-year period. This change is allowed, but not mandated, by federal law.

Economic Impact: This change could result in annual savings of up to \$310,000 (\$125,000 SGF) annually. Savings for FY 2001 could be up to \$232,500 (\$93,750 SGF).

Affected Parties: SRS does not expect an impact upon other governmental agencies or individuals. There could be a cost to RHCs of up to \$310,000 annually and up to \$232,500 for FY 2001.

Other Methods: No other method was appropriate for the desired outcome.

30-5-118a. Reimbursement for federally qualified health center services. K.A.R. 30-5-118a provides instructions for reimbursement for federally qualified health center (FQHC) services. This proposed regulation change revises the way cost reports are adjusted per an option in the Balanced Budget Act of 1997, as modified by Public Law 106-113. This change will result in a decrease in the reimbursement rates from 100 percent to 85 percent over a five-year period. This change is allowed, but not mandated, by federal law.

Economic Impact: This change could result in annual savings of up to \$70,000 (\$27,000 SGF) annually. Savings for FY 2001 could be up to \$52,500 (\$20,250 SGF).

Affected Parties: SRS does not expect an impact upon other governmental agencies or individuals. There could be a cost of up to \$70,000 annually for FQHCs.

Other Methods: No other method was appropriate for the desired outcome.

30-10-21. Reserve days. K.A.R. 30-10-21 specifies requirements that must be met in order to reserve a bed in a nursing facility (NF) or nursing facility for mental health (NF-MH) when the resident is absent, and specifies the limitations on the number of reserve days allowed. K.A.R. 30-10-21 currently allows 21 reserve days for a NF-MH and 12 days for a NF. The proposed change would increase the reserve days for NFs from 12 to 18.

Currently, if a NF resident requires more than 12 days to alleviate a severe hardship, there is a process in place for requesting the additional days. Historically, these requests have been few and have been approved by the appropriate program manager.

Economic Impact: It is anticipated that this regulation change could result in annual savings of approximately \$41,145.

Affected Parties: SRS does not anticipate an economic impact on other governmental agencies or individuals. It could result in an annual cost of \$41,145 for nursing facilities.

Other Methods: No other method was appropriate for the desired outcome.
